Dear MediaPoint user,

We're happy to announce service fix 126 for MediaPoint (the release number is listed in the title bar). A readme file on the service disk lists all the fixed bugs and new features. It also contains a list of upcoming features in the update slated for mid January.

If you've got any tips, questions or problems don't hesitate to call one of the Activa International BBS numbers listed below:

Activa BBS Germany	040-6424092
Activa BBS UK	081-9865964
Activa BBS Netherlands	02153-80126

Questions and problems can be faxed to MediaPoint Int. on number 31-2290-47587 in the Netherlands. Always include your name, voice/fax number and configuration when sending faxes with questions. Developers can also request the Xapp Developers Kit on this fax number. Further information regarding the Remote Access software and other new products will be send to you as soon as it becomes available. We'll keep you posted! Drop us a line too if you have any feedback...

Yours sincerely,

Jaap Zwart, Customer Support
