Dear Michael,

Thank you for your letter and for the nice music samples.
Excuses for the fact that I thought that you made your music
with The Music System, but I had heard that from a friend who
sometimes calls with Sodan from Denmark.
My friend said that you had made a song for Sodan with TMS.

Your price for making a song is not very high, so I think that
when I sell my game to a software company I ask them to pay the
music (I'm keeping \$c000-\$cc00 free for a song).

By the way, I'm eighteen years old and I'm a student on a
technical school (Fachoberschule?). I'm a member of the
(famous) 1001 CREW (you must have heard from us).
One of our last products is 'border letter IV' or 'Amazing',
it was made by me.

Well, all I hope is to finish my game soon and contact you for
the music. I send along with my letter some stickers from us, I
hope you like them!

Yours sincerely,
