Dear Mr Grimmer,

This letter contains the things we would like to have included in the manual of the game and on the cover of the package. The technical documentation I sent you a few months ago (and which is included now again) can be used to write the manual: it includes all info about the game, the gameplay and the rules of the game. Please make a xeroxcopy of these papers, just in case.

*The Company: Skate of the Art is a 1001 Software*  
TEXT ON THE COVER:  
The Authors:

programming and design: Erik van Eykelen  
games design and artwork: Joost Honig  
music: Frank van Eykelen

*Development  
production.*

Very Special Thanks:

Our everlasting love goes to...

Rieta Huijing (from Erik) and  
Anita Gertzen (from Joost)

Special Thanks:

Steve vanderHorst for his splendid technical advice, for lending his music-synthesizer and his ridiculous expensive VCR and last but not least for his friendship.  
Steve is senior programmer and games designer at 1001 Software Development.
